

# Transitioning into Middle School

## Middle School Tips

### 1. Get organized!

- Use a planner to keep up with homework and activities
- Use different folders for each subject
- Keep backpack and locker neat

### 2. Do your homework and get good grades!

- You'll have more of it in middle school, so plan your time after school wisely!
- Start early! Prepare for homework and study ahead for upcoming tests. Repetition will help, and grades will show the difference.
- Turn it in on time!

### 3. Talk to your teachers...

- Ask questions...if you have one, your classmates probably do too!
- If you need help with a certain subject, let your teacher know.

### 4. Get involved!

- Now is the time to find clubs and/or sports you love. You'll never know unless you try!
- School involvement makes school more fun, plus builds character and leadership.

### 5. Choose your friends wisely.

- Choose friends who make smart decisions. Hanging out with other students who have a good influence on you is essential to your success in school.

### 6. Don't miss school!!

- Your attendance is very important, so try not to miss school unless it's absolutely necessary!
- Always ask for missed assignments and class work if you do have to miss school.

# FREQUENTLY ASKED QUESTIONS!
